In honor of Disney on Ice Presents Dare to Dream from Feld Entertainment, the American Cancer Society's Hope Lodge in New York City was transformed into a day spa for young princesses currently undergoing treatment for cancer. As part of the campaign dubbed 'Hairy Godmother,' the show held a Princess Pampering event featuring hair stylist [Andrew Disimone](#), who assisted with fitting and styling wigs for the girls.

Along with the wig fittings, the girls were also treated to other activities such as chocolate

facials, manicures and pedicures, a make-your-own-sundae bar and a special meet and greet with Rapunzel herself.

As part of the campaign, Disney on Ice will be donating \$2 of each ticket sold to the American Cancer Society for supplying wigs to young cancer patients when purchased using the code HAIR for shows in the New York and New Jersey areas.
